Subject: How Avant can help Memorial Hope

Hello Macey,

I hope that you are having a great day. Memorial Hope's recent blog post about the national nurse shortage was very insightful. It brought to my mind the Avant Difference, and our efforts to bridge the gap between clinical practice overseas and the United States. Over 90% of our healthcare professionals convert to our client's full-time staff. Our nurses have good quality education in subjects such as:

- Professionalism in healthcare
- EMR documentation practice
- Medicare/Medicaid
- HIPAA and much more

Avant would like to partner with you so that Memorial Hope no longer has a nursing shortage. When you become our client partner, we will pair you with a client manager on our team to assist you throughout the process.

If this sounds like something you would be interested in, I would love to schedule a call. Are you available Tuesday at 2:30 p.m. next week?

Regards,
